

RAIN BARRELS ARE BACK!!

THINK SPRING*THINK GREEN

STEPHENSON SOIL & WATER CONSERVATION DISTRICT

1620 SOUTH GALENA AVENUE— FREEPORT, IL (815) 235-2161 EXTENSION 3

\$65
**RAIN
BARRELS**

Due to the overwhelming response to the Stephenson Soil & Water District's, 2009 rain barrels sale, we were unable to fill many rain barrel orders. We are now filling those and accepting new orders. We plan on having barrels on-hand for purchase this fall & in time for the holiday season. The rain barrels are 55-60 gallon converted food product barrels that have been sanitized, assembled with a rain water input, overflow, and drain spigot. Each barrel has a screw-on lid fitted with screening to prevent entry of leaves and debris. The rugged rain barrels stands 35-40 in. high.

****NEW** : Compost barrels (\$115)
Potting benches (\$175)**

COLORS: TERRA COTTA, GREY, & BLACK

**ORDERS MAYBE PLACED AND PAID FOR AT THE
